TWIN CITIES BASED CASHPASS NETWORK
PARTNERS WITH WESTERN UNION
Cashpass Network now utilizing Western Union services

BURNSVILLE, MN—*Cashpass Network* is proud to announce a partnership with *Western Union*. The agreement allows *Cashpass Network* and its customers to use the services of the more than 40,000 *Western Union* locations nationwide. *Western Union* is an industry leader in money transfer and message services, with a history dating back more than 150 years.

“We are extremely excited about this partnership,” says Brad Rixmann, Chief Manager of *Pawn America* Minnesota LLC, *Payday America*, Inc. and *Cashpass Network* “*Western Union* is a globally recognized brand that offers more locations to transfer and access cash than any other similarly positioned company,” adds Rixmann.

The *Cashpass Network*, founded in 2003, provides its customers a Cashpass debit MasterCard issued by *MetaBank*. The Cashpass Card looks like any other credit or debit card and is FDIC insured protecting the customer for up to \$100,000. Additionally, the Cashpass Card provides its consumers a sense of self-esteem and fiscal responsibility, allowing them the ability to access and utilize all the benefits of credit and debit cards. Cashpass Card users directly deposit cash onto their card online, at nationwide *Cashpass Network* locations and now, at the more than 40,000 *Western Union* locations across the country.

“This partnership offers our *Cashpass Network* customers a tremendous amount of flexibility,” says Rixmann. “It puts our product in thousands of additional retail locations across the country. It also allows our customers to reload cash onto their cards even when they’re far from home,” comments Rixmann.
